The Rubber goods Dealers are already paying the following taxes to the Government.

5% Excise Tax.
Rs.0-3-0 in a rupee Turnover Tax.
Rs.0-6-0 in a rupee Salex Tax.

Mostly We import cycle tyres and tubes which are consumed by the poorer class of people and the trucks and and Bus Tyres are consumed by the Mining industry and Transport services. A very small number of Car Tyres are imported owing to Rationing of Petrol.

Throughout Bangalore and in many other places, octroi is not charged for the above goods. Hence, here also it should not be levied.

Dear Sir,

With reference to the Notification No. M.L.C.135/48-49 dated 10th August 1948 appearing in the Gazette Part III-3 dated 19th August 1948 Objection is hereby sent in respect of the Draft amendments to the Octroi Bye Laws of the K.G.F. Sanitary Board under Sections 35(2) and 36 of the Mysore Mines Act as published in the above Gazette.

The Mining Companies cannot agree to the suggested list of dutiable articles UNLESS the exemptions granted to the Mining Companies under Schedule I are extended to cover these additions and to be applicable to the Companies Allied Departments.

It must be made clear that under existing conditions under the operation of the Gold Duty Act, the Mining Companies financial incapacity to bear additional burdens is such that any extra toll of taxation immediately imperils the industry and is fraught with the gravest consequences from which the Sanitary Board will suffer.

Any additional imposition of local tax of this nature necessitates producing sufficient gold so that from the proceeds there may first be paid Gold Duty to Government and leave
